The Daily Courant

Saturday, December 22. 1722.

THE following Addreſs of the Corporation of Lancaſter, has been preſented to His Majeſty, by Sir Thomas Lowther, Bart. one of their Repreſentatives in Parliament, introduced by the Right Honourable the Lord Viſcount Townſhend, one of His Majeſty's Principal Secretaries of State.

To the King's moſt Excellent Majeſty,
The humble Addreſs of the Mayor, Recorder, Aldermen, Bailiffs, Capital Burgeſſes, Common-Council, Inhabitants, and Burgeſſes of the ancient and loyal Corporation of Lancaſter.

Moſt Gracious Sovereign,

WE your moſt dutiful and loyal Subjects, approach your Majeſty with moſt grateful Hearts, to acknowledge the many and invaluable Bleſſings we have enjoyed under your auſpicious Government; and more particularly at this Time to pay our Tribute of the moſt unfeigned Thanks, for the great Care and wiſe Meaſures which your Majeſty has taken to detect and diſappoint the dark and treaſonable Deſigns of the Enemies to our Peace and Proſperity.

We cannot enough admire your Majeſty's great Wiſdom and Vigilance in the Care of the Good and Happineſs of your Kingdoms, to which (under God) we owe the Diſcovery of this Horrible Conſpiracy, formed in Favour of a Popiſh Pretender, againſt your Majeſty's Sacred Perſon, and for the Total Subverſion of our happy Conſtitution, our Religion, Laws and Liberties; nor ſufficiently expreſs our Abhorrence of ſo deteſtable a Deſign, and our Indignation againſt thoſe who have been ſo abandoned as to engage in it in Defiance of all Obligations both divine and human.

Our Duty to your Majeſty, (the beſt of Princes) as well as our own Intereſts and Welfare, will ever firmly engage us to the utmoſt of our Powers, in the Support and Maintenance of your Majeſty's juſt and undoubted Right to the Imperial Crown of this Realm, and to pray, (as we fervently do) that the Almighty may continue you under his moſt powerful Protection againſt all Conſpiracies and Attempts whatſoever, and that your Reign over us may be long and happy, and your Royal Deſcendants rule afterwards to the lateſt Generations.

Vienna, Dec. 10. It is ſaid, the Emperour has wrote a ſecond Letter to the Duke of Parma, in Confirmation of that which he wrote not long ſince, adviſing the Duke to forbear any Engagements with France and Spain prejudicial to the Auſtrian Intereſt; and that although the Court of Rome ſhould inſinuate to him an Independency of Fiefdom for the States of Parma and Placenza, yet his Imperial Majeſty will not ſuffer his Rights to be diminiſhed upon any Account: But notwithſtanding all inſtancing of this ſort, 'tis pretty well known how much the Duke has leant in Inclination theſe 30 Years paſt towards the French and Spaniſh Intereſts. --- The Birth-Day of the preſent reigning Empreſs was celebrated here the 13th paſt, with the utmoſt Pomp; among other Particulars of that Day, 'tis ſaid the Emperour ſalutes his eldeſt Daughter the Archdutcheſs Maria-Thereſa by the Title of Succeſſour; on which Occaſion, that Princeſs, who is no more than ſix Years old, made a very handſome Speech to his Imperial Majeſty, and to the Empreſs: The Report of her Imperial Majeſty's being again with Child, is not yet entirely diſbelieved. No Time is yet fixt for the Departure of Count de Caſtrin in Quality of the Emperour's Ambaſſadour to France. --- Several Families of the Nobility have made Offers of paying to each of their Imperial Majeſty's 100,000 Rix-dollars, upon Condition their Houſes may become privileged and enjoy a Right of Sanctuary; but the ſame has been flatly refuſed by their Imperial Majeſties, who rather are inclined to take away ſuch unreaſonable Privileges than add to their Number. --- The Czar's Reſident at this Court pays frequent Viſits to the Vice-Chancellour of the Empire, to examine into the Diſpoſition of this Court touching his Maſter's Affairs, particularly with reſpect to the Imperial Title which the Czar requires to have acknowledged? to this, the Muſcovite Reſident is generally anſwered, That his beſt way would be to ſpeak on that Head to the Emperour himſelf; that, for the Vice Chancellour's part, it was not agreeable to be ſo often importuning his Imperial Majeſty about the ſame Thing. --- It is ſaid, that M. Dierling has ſent to this Court for Inſtructions what Anſwer he is to make to the Grand Vizier in caſe he ſhould renew his late Queſtion, whether the preſent good Harmony between this Court and the Ottoman Porte ſhould be any ways diſturbed in caſe the latter proceeds to an open Rupture with the Czar of Muſcovy?

Hague, Dec. 18. The Council of State is very attentive in ſettling the Military State for next Year, and has given Orders for repairing all the fortified Places belonging to the Republick. The King of Poland's Envoy for the Electorate of Saxony, ſolicites ſtrongly the Payment of the Sums due to his Majeſty; it is believed he will obtain Payment of what the Provinces of Holland owes for their Quota, but the reſt of the Provinces not being yet come to an Agreement among themſelves what they are reſpectively to allow upon Account of the Expences of the laſt War, the King of Poland, probably, will grant them further Time. ---
